

Ergonomic Cleaning Buckets

FYI

Seton's Colour Coded Product Range

Using Seton's range of colour coded products you can be sure that the right product is used in the right place. Seton offers a complete range of colour coded products that will help reduce the risk of cross contamination between working areas.

Use the colour coding to comply with the Department of Health:

-  Red for Bathroom Areas
-  Yellow for Infectious Areas
-  White for Operating Theatre
-  Green for Kitchen Areas
-  Blue for General Cleaning

Or, to help identify Departments or Floor levels and where cleaning products belong:

-  Red for Toilets/Bathroom
-  Yellow for Receiving Department
-  White for Office Area
-  Green for Production Department
-  Blue for Warehouse Department
