

Arrive **Safe.** Park **Safe.**

Walk **Safe.** Repeat.

VISIT SETON.COM.AU TO FIND OUT ABOUT TRAFFIC CONTROL AND PARKING.

Make safe parking simple.

Compliant products for peace of mind

Where applicable, Seton's car park traffic and pedestrian safety products meet local, state and WH&S regulations and comply with Australian Standards.

Customisable products and tailor-made solutions

All car parks are created differently. If there is a specific safety issue to solve, or if we can customise products with branding, contact our experts on 1800 651 173.

Every safety product for every stage of the parking journey

- Accessible Signs • Barriers • Bicycle Racks & Signs
- Bollards • Cable Protectors • Hazard Markers
- Line-Marking Equipment • Mirrors
- Parking Control Products • Posts • Ramps
- Roadwork Signs & Equipment
- School Crossing Signs & Equipment
- Sign Posts & Accessories • Speed Humps

Stop It

Prevent cars from rolling into buildings and walkways with wheel stops

Walk Safe

Separate vulnerable pedestrians with barrier systems

Park Safe

Segregate and mark parking bays

Mirror Up

Ensure visibility for difficult-to-see places

Direct Traffic

Make it obvious which way to go

Cross Safe

Sign up for safe road crossings

Traffic Cones

Traffic cones are handy to block hazards or restricted areas

Slow Down

Reduce danger with speed signs, humps and bollards

Mark Lines

Clearly layout roads and car parks with line marking machines

Control Speed

Reduce traffic speed with speed limit signs
