

# The Visual Warning Safety Checklist

**MAKE YOUR WORKPLACE, SITE, FACILITY OR WAREHOUSE SAFER AND COMPLIANT.**

<b>1</b>	<b>ASSESS YOUR SLIPS / TRIPS / FALLS NEEDS</b>	<b>YES</b>	<b>NO</b>
	<p><b>Have you completed a workplace safety inspection or site survey to identify hazards?</b> Poor housekeeping, ineffective workspace and lack of safe working systems are common injury causes.</p>		
<b>2</b>	<b>MARK AISLES &amp; PASSAGEWAYS</b>	<b>YES</b>	<b>NO</b>
	<p><b>Are you using correct and compliant tape to mark critical aisles, corridors and passageways?</b> Not all tape is created equal. All Seton tapes comply with the AS 1318–1985 SAA Industrial Safety Colour Code. Use the correct tape for your situation from our choice of aisle markings, warnings, hazard strips, anti-slip products, reflective tapes and more.</p>		
<b>3</b>	<b>PROVIDE TRACTION ON SLIPPERY OR IDENTIFIED SURFACES</b>	<b>YES</b>	<b>NO</b>
	<p><b>Have you identified a certain area/areas that may become slippery?</b> Choose anti-skid visual warning products that contain grit within the tape or coating. It helps prevent slips, trips and falls on potentially slippery surfaces by giving pedestrians better surface grip.</p> <p><b>Have you assessed and considered all indoor and outdoor environments for slip hazards?</b> For compliance and safety, you must provide guidance and floor traction to prevent falls where they're most likely to occur, including stairways, walkways, outdoor tiles, car parks and so on.</p>		
<b>4</b>	<b>IMPROVE SAFETY ON STAIRS</b>	<b>YES</b>	<b>NO</b>
	<p><b>Have you prepared your stairs to prevent slips, trips and falls?</b> Workplace safety is serious business. Stair safety products such as anti-slip nosings and plates reinforce safety at your facility and help prevent accidents and injuries whether the stairs are indoors or outside.</p>		
<b>5</b>	<b>MARK EMERGENCY EVACUATION ROUTES</b>	<b>YES</b>	<b>NO</b>
	<p><b>Do your workers and visitors know what to do and where to go in the event of an emergency?</b> Reduce panic and confusion by clearly marking emergency evacuation routes with wayfinding and instructive emergency signage.</p>		
<b>6</b>	<b>WARN OF TEMPORARY HAZARDS</b>	<b>YES</b>	<b>NO</b>
	<p><b>Do you have the right visual warning safety equipment to act fast in an unforeseen hazardous situation?</b> Identify and mark off hazardous areas with high visibility products that people can easily see from a distance, preventing potential accidents in and around the facility.</p>		
	<p><b>Do you know which barrier system to choose? For help, call our team on 1800 651 173.</b></p>		
	<p>Portable barricade and barrier options include:</p> <ul style="list-style-type: none"> <li>• <b>Post and rope systems</b> – ideal for hotels, theatres, shopping malls and so on.</li> <li>• <b>Durable guideline post and chain systems</b> – suits outdoor and warehouse use.</li> <li>• <b>Retractable belt systems</b> – often seen in airports, retail or for flexible queuing systems.</li> <li>• <b>Outdoor stanchion systems</b> – retractable systems with weighted bases.</li> <li>• <b>Mobile barriers</b> – free-standing barriers for outdoor use, e.g. footpaths and car parks.</li> </ul> <p>Fixed barricade and barrier options include:</p> <ul style="list-style-type: none"> <li>• <b>Wall-mounted, retractable systems</b> – takes up minimal floor space.</li> <li>• <b>Expanding barrier systems</b> – cantilever design for indoor and outdoor use. Available in portable and fixed options.</li> <li>• <b>Pedestrian control systems and barrier rails</b> – direct pedestrians and forklift traffic flow in a warehouse.</li> </ul>		
<b>7</b>	<b>GENERAL SAFETY SIGNAGE AND LABELLING</b>	<b>YES</b>	<b>NO</b>
	<p><b>Is your visual workplace intuitively safe and secure and are you complying with safety standards?</b> Don't forget to review your workplace safety assessment, then identify and use the range of visual warning safety products to restrict particular areas, alert employees to potential hazards, or simply provide direction.</p>		

**PLACE YOUR ORDER FOR THE IDENTIFIED VISUAL WARNING SAFETY PRODUCTS:**
